Reading changes lives

To become a great learner, you need access to great books.

Library For All brings you the best in culturally diverse, age appropriate, high quality learning resources to foster a lifelong love of learning.

We know that reading is the foundational skill that sets a child up for success throughout their literacy and learning journey.

Confident young readers become engaged lifelong learners.

Literate adults have higher rates of employment, better physical and mental health, and greater agency in their day to day lives.

Reading is transformational

It goes without saying that learning to read requires access to books. But not just any books.

For children to learn to read, and learn to love reading, they need a comprehensive, high quality library, that is equally educational and engaging.

Reading acquisition is a complex cognitive experience, beginning with letter recognition and phonics, then expanding into an infinite maze of words, ideas, and imaginative adventures.

Children learn best when they have access to books they are excited to read

Library For All's collection spans early level phonics-based stories through to dynamic, informative texts for upper primary learners.

Readers at home or in the classroom can connect with reading at a level that provides just the right balance of confidence building, practice, and challenge.

At every level, cultural diversity is a priority, so that children can see their own lives reflected in stories, and discover the amazing wider world outside their s.
We believe that education brings opportunity, and we’ve made it our mission to make knowledge accessible to all, equally.

Library For All delivers education technology to low-resource communities across the world using our evidence-based curatorial approach to meet each community’s specific needs. We partner with the world’s leading aid and development organisations so that we’re there when the books are not, ensuring that every child can access the tools they need to break the cycle of poverty.

From remote communities in Papua New Guinea, to the deserts of Ethiopia and schools in Southeast Asia, Library For All is already supporting more than 410,000 children on their learning journey. As a result, we know that children reading with us recognise 71% more words than their peers.

We won’t stop until every child can learn, does learn, and enjoys learning.
Everything that you need for your library.

Library Books – A5 books
Designed and manufactured for classrooms and libraries in the world’s most challenging and remote locations. Our Library Books are full colour, soft cover, A5 books printed on Forest Stewardship Council certified paper stock (where possible) and perfect bound with a polyurethane reactive adhesive for maximum durability.
Minimum order quantity 1,000.

Let's Read Together – big books for the classroom
Our A3 Let's Read Together big books include 5 full colour illustrated stories, curated by reading level with a broad mix of themes and story dimensions and comprehension questions for classroom use. Designed in partnership with educators around the world, each book is printed on Forest Stewardship Council certified paper and metal wire bound for maximum flexibility in a classroom setting.
Minimum order quantity 20.

Let's Read At Home – magazine storybooks
Our magazine storybooks include 5 full colour illustrated stories, curated by reading level with a broad mix of themes and story dimensions. Manufactured on low-cost paper stock and printed in high-volumes to achieve an extremely low price point these magazine storybooks can be widely distributed and recycled or repurposed at end-of-life.
Minimum order quantity 1,000.

Library Storage Boxes
Protecting valuable learning resources in all learning environments is easy with our library storage boxes. Our plastic storage boxes are manufactured in Australia from BPA free heavy duty plastic, are weather resistant and hold up to 150 titles in A5.
Minimum order quantity 25.

Solomon Islands Collection
An integrated, secure, digital classroom in a box.

The **Accelerate Digital Learning Platform** is our digital classroom in a box, designed in partnership with the world’s leading aid agencies for education programming in the most remote learning environments imaginable.

**The Spark Kit**

Spark is our flexible, fully integrated, easily deployed, hardware solution for offline communities.

It features a fleet of 40 tablet computers loaded with our award winning learning platform.

Spark arrives ready for use in a lockable and easily transportable commercial-grade storage case and includes an in-built charging system, secure local area network and back-up battery.

It requires no internet connection, and can also be used fully off-grid with an optional solar panel and battery system providing all the power it needs.

---

**Library Application**

A high quality, expertly curated library of culturally diverse, age appropriate, original, illustrated children’s reading books.

**Elevate Application**

Our award winning, field-proven, gamified independent learning tool for developing literacy, numeracy and writing skills.

**InFocus Application**

Giving you total control for your digital classroom by securing the platform and creating a safe and secure learning environment.

**Insight Dashboard**

Enabling teachers to monitor student progress and easily tailor learning interventions.

**Lift Dashboard**

Supporting students on their learning journey with real-time feedback on performance.

**Illuminate Dashboard**

Providing comprehensive monitoring & evaluation capabilities.

Solomon Islands Collection
A levelled collection, so our library can grow with our readers.

Library For All uses **reading levels** to help teachers, parents and carers find books best suited to developing readers’ literacy needs and interests.

Our reading levels offer a ‘reading runway’ approach empowering readers to progress at their own speed, or with educator guidance, regardless of age or class level.

**Beginner readers**
Start your reading journey with short words, big ideas and plenty of pictures. 10 - 20 words.

**Rising readers**
Raise your reading level with more words, simple sentences and exciting images. 20 - 50 words.

**Eager readers**
Enjoy your reading time with familiar words, but complex sentences. 50 - 200 words.

**Progressing readers**
Develop your reading skills with creative stories and some challenging vocabulary. 100 - 300 words.

**Fluent readers**
Step up your reading skills with playful narratives, new words and fun facts. 200 - 400 words.

**Curious readers (Middle Primary)**
Discover your world through science and stories. 400 words +

**Adventurous readers (Upper Primary)**
Explore your world through science and stories. 400 words +

[Link to order](sales@libraryforall.org) to order today.
A curated collection, so our readers can enjoy a diverse range of content.

Along with cultural diversity, our **content dimensions** ensure our library delivers a carefully curated balance of themes, concepts, and learning tools.

**Windows & Mirrors**

Our curatorial target for any collection is 70% windows / 30% mirrors. This ensures opportunities for ‘own voice’ narratives and cultural representation are encouraged, but also allows readers to explore themes and issues of global relevance.

**Fiction & Non-Fiction**

Our curatorial target for any collection is 60% fiction / 40% non-fiction. Evidence has shown that lively, localised fiction is particularly engaging for young readers. It is also often a gap in existing published collections, which commonly focus on education books, rather than creative narratives.

**Content Pillars**

We categorise our content across four pillars to offer balanced subject coverage: Cultures and Communities; Health and Hygiene; Science and the Environment; and Sports, Arts & Recreation.

**Gender Representation & Equity**

Our curatorial target for representing women and girls in leading roles in our narratives is >50%. We purposefully redress the historical gender imbalance in character-driven storytelling by ensuring women and girls are not just visible but drive the narrative in a substantial number of books.

**Disability Inclusion**

We strive to positively discuss disability representation and inclusion. This includes books that explicitly discuss the lived experiences of people with different abilities to encourage support and understanding. It also includes books that show people with different abilities represented in wider narratives, including in lead roles, as equal participants in the action, such as in classrooms, on sports fields, or in family groups.

**Sustainability**

We are committed to addressing sustainability and environmental stewardship. We consciously include books to open discussion around issues like recycling and reuse, waste disposal, climate change, and natural hazards (floods, cyclones and storms).

Flowers That Fly
Susan Yoder Ackerman
Simon tells Adeline about his butterfly garden. You need to plant special plants that butterflies like for them to visit your garden.

I Won’t Sneeze
Marilyn Bolchunas
Mouse deer has fallen into a hole! How will he get out?

The Gift
Roderick J. Robinson
It’s Bebeto’s sister’s birthday coming up! He decides to work very hard to get her a gift.

Building Bionic Bodies
Tracy Vonder Brink
If people are missing body parts or have body parts that don’t work they can get prosthetics. Prosthetics are very helpful!

How Are You Reading This?
Rachel Young
Reading is a very important skill! Do you know what your brain does to read?

The Colour Of Skin
Vijaya Khisty Bodach
Gouri learns an important lesson about race and skin colour when she moves from India to America.

The Girl Who Codes
Rachel Sarah
Mae is the only one who’s excited to be at coding club. She’s hoping that she can make an app to help her mum.

Kelly Kicks
Lizann Flatt
Kelly is excited to play soccer, but she doesn’t know what to do.
Taste's Good
Kathleen Weidner Zoehfeld
You're a flavour expert. You can tell heaps of flavours. That's because of the work of all thousands of tastebuds.

Career Cat
Irene A Flores
Cleo wants to buy tuna and cat treats, so she decides to go find herself a job!

My Brother Joshua
Nola Hosking
My brother Joshua is not like my friend's brothers, he has Down syndrome. Down syndrome means he can't do some things, but it also means he can do other things really well.

Coconuts
Dagmar Kost
Hurricane Calvin is coming! Mum says I need to pick up coconuts and take them away from the house. I don't know why.

To Catch A Cloud
Bronchelle Parker
Rue wants to catch a cloud, but she can't get high enough!

The Frog's Prints
Margaret Mincks
Jackson and his mum are sewing pyjama pants! They decide to make some for Fred the frog too.

The Danderfield Twins: Lions And Monkeys And Coconuts, Oh My!
Polly Horvath
Marty and the Danderfield Twins have to write a story together for class.

Poison Or Medicine?
Daniela Weil
We all know that poisons are bad for you and medicines are good for you. But can medicines be bad for you and poisons be good for you?

The Wonderful World Of Slime
Liz Huyck
You might think slime is gross but it can be very helpful for some animals. Can you think of an animal that might use slime?

That's Disgusting!
Elisabeth Preston
While you might not like feeling disgusted, the feeling of disgust has helped humans a lot!
Let’s Party!
Amy Tao
While people celebrate birthdays all over the world they don’t celebrate them in the same way. How do you celebrate your birthday?
