Our Yarning

A collection of beautifully illustrated picture books, written by Aboriginal and Torres Strait Islander authors.

Aboriginal and Torres Strait Islander people are the oldest surviving culture on earth and have handed down history, lore, culture, and life experiences through stories since time immemorial. Children are raised hearing stories of survival, humour, and lessons of life. The gift of story is a powerful and bonding way of ensuring children learn about the world in which they live – and gain the literacy they need to learn and thrive as they grow older.

Our Yarning empowers Aboriginal communities to create and share the stories that will educate their children now and for generations to come.

The stories reflect the many and varied identities and lives of Aboriginal and Torres Strait Islander people, including those living in urban, rural, and remote Australia, giving children the opportunity to see these experiences mirrored on the pages of these beautiful books.
Library For All

We believe that education brings opportunity, and we’ve made it our mission to make knowledge accessible to all, equally.

Library For All delivers education technology to low-resource communities across the world using our evidence-based curatorial approach to meet each community’s specific needs. We partner with the world’s leading aid and development organisations so that we’re there when the books are not, ensuring that every child can access the tools they need to break the cycle of poverty.

From remote communities in Papua New Guinea, to the deserts of Ethiopia, and schools in Southeast Asia, Library For All is already supporting more than 410,000 children on their learning journey. As a result, we know that children reading with us recognise 71% more words than their peers.

Students in Papua New Guinea reading from our free digital library application.

Spark, our digital classroom-in-a-box for offline, off-grid, remote learning environments.

We won’t stop until every child can learn, does learn, and enjoys learning.

Our Yarning Collection
Everything that you need for your library.

Library Books – A5 books
Designed and manufactured for classrooms and libraries in the world’s most challenging and remote locations. Our Library Books are full colour, soft cover, A5 books printed on Forest Stewardship Council certified paper stock (where possible) and perfect bound with a polyurethane reactive adhesive for maximum durability.
Minimum order quantity 1,000.

Let’s Read Together – big books for the classroom
Our A3 Let’s Read Together big books include 5 full colour illustrated stories, curated by reading level with a broad mix of themes and story dimensions and comprehension questions for classroom use. Designed in partnership with educators around the world, each book is printed on Forest Stewardship Council certified paper and metal wire bound for maximum flexibility in a classroom setting.
Minimum order quantity 20.

Let’s Read At Home – magazine storybooks
Our magazine storybooks include 5 full colour illustrated stories, curated by reading level with a broad mix of themes and story dimensions. Manufactured on low-cost paper stock and printed in high-volumes to achieve an extremely low price point these magazine storybooks can be widely distributed and recycled or repurposed at end-of-life.
Minimum order quantity 1,000.

Library Storage Boxes
Protecting valuable learning resources in all learning environments is easy with our library storage boxes. Our plastic storage boxes are manufactured in Australia from BPA-free heavy-duty plastic, are weather resistant, and hold up to 150 titles in A5.
Minimum order quantity 25.

A levelled collection, so our library can grow with our readers.

Library For All uses **reading levels** to help teachers, parents, and carers find books best suited to developing readers’ literacy needs and interests.

Our reading levels offer a "reading runway" approach, empowering readers to progress at their own speed, or with educator guidance, regardless of age or class level.

- **Beginner readers**
  Start your reading journey with short words, big ideas, and plenty of pictures. *10-20 words.*

- **Rising readers**
  Raise your reading level with more words, simple sentences, and exciting images. *20-50 words.*

- **Eager readers**
  Enjoy your reading time with familiar words, but complex sentences. *50-200 words.*

- **Progressing readers**
  Develop your reading skills with creative stories and some challenging vocabulary. *100-300 words.*

- **Fluent readers**
  Step up your reading skills with playful narratives, new words, and fun facts. *200-400 words.*

- **Curious readers (Middle Primary)**
  Discover your world through science and stories. *400 words +.*

- **Adventurous readers (Upper Primary)**
  Explore your world through science and stories. *400 words +.*
A curated collection, so our readers can enjoy a diverse range of content.

Along with cultural diversity, our content dimensions ensure our library delivers a carefully curated balance of themes, concepts, and learning tools.

Windows & Mirrors
Our curatorial target for any collection is 70% windows / 30% mirrors. This ensures opportunities for "own voice" narratives and cultural representation are encouraged, but also allows readers to explore themes and issues of global relevance.

Fiction & Non-Fiction
Our curatorial target for any collection is 60% fiction / 40% non-fiction. Evidence has shown that lively localised fiction is particularly engaging for young readers. It is also often a gap in existing published collections; which commonly focus on education books, rather than creative narratives.

Content Pillars
We categorise our content across four pillars to offer balanced subject coverage: Cultures and Communities; Health and Hygiene; Science and the Environment; and Sports, Arts & Recreation.

Gender Representation & Equity
Our curatorial target for representing women and girls in leading roles in our narratives is >50%. We purposefully redress the historical gender imbalance in character-driven storytelling by ensuring women and girls are not just visible but drive the narrative in a substantial number of books.

Disability Inclusion
We strive to positively discuss disability representation and inclusion. This includes books that explicitly discuss the lived experiences of people with different abilities to encourage support and understanding. It also includes books that show people with different abilities represented in wider narratives, including in lead roles, as equal participants in the action, such as in classrooms, on sports fields, or in family groups.

Sustainability
We are committed to addressing sustainability and environmental stewardship. We consciously include books to open discussion around issues like recycling and reuse, waste disposal, climate change, and natural hazards (floods, cyclones, storms).
